## Revival of WBAP activities using digital platform

Dear Esteemed Member,

The unprecedented global crisis has compelled us to stall our conventional academic activities for quite sometime now. Probably it will be a long time before the situation normalizes, if at all it ever does! As face to face conventional activities are obviously not possible anytime soon, we have decided to use the digital platform to restart at least some of our regular activities like monthly PG teaching classes and clinical meet to begin with which can be extended to other programs scheduled for this year depending on the experience and response from these initial programs. We will send you the link after finalising the schedule through which you can participate virtually using your digital media.

This communication is also to remind you to use your spare time to prepare manuscripts for contribution to our scientific journal The Child and Newborn as we are committed to regularize its' publication and ultimately indexing it. Your contribution will help achieve this goal.

You can have a look at our refreshed and updated website [wbap.in](http://wbap.in)

Take care and stay safe

Warm regards,

**Prof Atul Gupta**  
President, WBAP

**Prof Madhumita Nandi**  
Honorary Secretary, WBAP
